## SUMMARY

Shopify developer with 4+ years building and scaling Shopify and Shopify Plus stores for health, supplement and beauty DTC brands in the US, UK, EU and Canada. Hands-on CRO: I form hypotheses from data, build test variants myself in Liquid/JavaScript, run them in Intelligems, and ship the winners.

## SELECTED A/B TEST RESULTS (INTELLIGEMS, VS CONTROL)

- **Clarity-focused product page variant:** revenue per visitor $9.75 to $13.74 (+41%), conversion rate 7.8% to 10.2% (+29.7%), add-to-cart +27%, profit per visitor +31%, AOV +8.7%.
- **Redesigned buy box (subscription store):** subscription share of orders 29.9% to 43.1% (+44%), AOV $190.62 to $213.16 (+11.8%), revenue per visitor +16.6%, profit per visitor +16%, conversion rate +4.3%.

## EXPERIENCE

**Shopify Developer & CRO Specialist — Infinity Creatives**

- Build custom Online Store 2.0 themes and reusable sections from Figma or from scratch, editable in the theme editor.
- Plan, build, QA and analyze A/B tests on product pages, buy boxes, offers and pricing using Intelligems and Shopify Analytics.
- Checkout UI extensions and Shopify Functions (discounts, checkout rules, validations); subscriptions with Recharge and Loop.
- Speed and Core Web Vitals optimization; bundles, product filters, discount logic and B2B/wholesale setups.
- Integrations with ERPs, 3PLs, marketplaces and subscription platforms via APIs and webhooks.
